- Roof and Vents. A new three ply roof coating was painted on top of the original roof with the original vents.
- Screen door. The front has the original screen door, which are in good condition.
- Exterior lights. It has four new marker lights with the plastic lenses and steel bezels. It does have the original license plate light and bracket.
- Underbelly. It has the original underbelly, which is in good condition.
- Windows. It has new aluminum windows. There are screens on the windows.

INTERIOR

- Interior. The interior on this trailer is mostly original and intact areas where there was water damage have been removed and repaired. It is a model that transforms to sleep up to 6, which is nice. It still does have the kitchen and bathroom intact. Cabinets and closet doors. It has all of the original cabinets and closet doors still intact.
- Countertops. It has the original laminate countertops in the kitchen with the matching backsplash. It is sort of a speckled vintage pattern. It is in good condition.
- Floor. The floor is solid.
- Floor covering. New floor tiles have been installed.
- Table. Adjustable to convert to bed or table.

- Unit sleeps. This is a very versatile model. The couch pulls out to sleep two. The top bunk can be stored up high or dropped for sleeping. A ladder with hooks allows access to the loft. The table also drops and bench cushions allow two more children to sleep in the front. There is room for 4 to 6 people to sleep.
- Walls and Ceiling. It has the original Birch paneling and new Birch paneling, all in excellent condition.

RUNNING GEAR

- It Has the original running gear with the exception of four brand new tires and rims.
- Axles and Springs. It has the original axles with leaf spring suspension. They do have some surface rust but everything appears to be good and solid.
- Dry weight. 2580#
- Hitch Ball Height. Approximately 20 inches
- Safety chains. No.
- Hitch weight. Approx: 800#
